CENTROPIX+ -

The Bio-Tech Company
With a Global Vision & Mission

CENTROPIX+ is a bio-tech enterprise with breakthrough technologies that facilitate the protection, regeneration, and recharging of both human and animal population.

Our mission is to advance wellness technology and make it available to the world.

CENTROPIX+ patented wellness devices can help optimize energy and performance, speed up regeneration, and protect you from the harmful effects of non-thermal E-smog.

Get back to feeling your best with a new level of clarity, vitality and balance with the advanced and effective products of **CENTROPIX+**.

INVENTOR OF THE »KLOUD SIGNALS«

Prof. Dr. Wolf A. Kafka

Prof. Dr. Wolf A. Kafka is a physicist, neurophysiologist, and the mastermind behind the **KLOUD** technology.

Taking into account all his accumulated experience and feedback, Prof. Dr. Wolf A. Kafka went one step further and developed PEMA (pulsating electromagnetic activation).

The advancement of PEMF in the **KLOUD** has already changed many lives positively.

Prof. Dr. Wolf A. Kafka's latest development closed an innovation gap that existed for over twenty years and will change the industry forever.
